

Expanding the Movement of

Hope & Healing

SET  FREE

A Letter from the Director

Since 2010, the Set Free Movement has been mobilizing individuals, faith communities, businesses, and schools towards protecting the vulnerable, ending human trafficking, and creating new futures. We have launched more than 35 freedom projects and have produced meaningful resources. What we do works.

We have the potential to do so much more!

We believe we have the ability to help influence more than a million people towards freedom. We can protect tens of thousands of vulnerable people. We can come alongside thousands of survivors.

As you read over these pages, I invite you to consider the possibilities. With your partnership we can have greater impact than ever before, God being our helper. Together, serving at the margins, we are the Set Free Movement.

Thank you for your consideration!

“Everyone, everywhere can do what they do in the direction of freedom. Together, we can accomplish even more. Learn more about how you can be involved in the following pages.”

—Kevin Austin

There are an estimated **50 million victims** of human trafficking in our world today.¹

Our world is broken but we are not powerless. —————→

We have a bold vision to impact 1 million people for freedom.

To accomplish this vision we are seeking to raise up prayer warriors, strategic partners, and more than \$1,000,000.

01

Strengthen our emerging transformational programs

\$390,000

02

Advance vital ministries to vulnerable people

\$300,000

03

Increase mobilization of faith communities, stakeholders, and all sectors of society.

\$200,000

04

Bolster critical operations globally

\$300,000

01 Strengthen our emerging transformational programs

We are protecting the vulnerable. Through our Fostering Hope and Wunders programs we are helping keep girls in school, and aiding and assisting foster families and foster youth that are aging out of the system. These are transformational, hope oriented programs. We are seeking to greatly strengthen and expand this important work.

Our Need:

\$300,000 for startup / new programs

\$90,000 for strengthening ongoing support

Protecting Vulnerable Foster Youth

and helping them thrive through the Fostering Hope program.

Expanding the Thrive and Wunders program

to keep more girls in school in three new countries.

Adding program support staff

for Wunders and Fostering Hope.

“
Wunders is experiencing unprecedented growth thanks to Set Free. Wunders' menstrual health kits and curriculum are vital to helping girls stay in school and safe from human trafficking vulnerabilities.

— Emily Hlavka Freed, Program Director for Wunders

02 Advance vital ministries to vulnerable people

We seek to help set captives free. This freedom is emotional, physical, mental, and spiritual. By building relationships with women at risk, by offering those in unhealthy circumstances a way out, by helping trafficked children find safe places in which to heal, and by coming alongside vulnerable youth, we are both helping prevent human trafficking and helping people find true freedom.

Our Need:

\$250,000 for startup / new programs

Building relationships with women in strip clubs.

Expanding our local team in India in order to double the number of children brought back to safety.

Funding staff to work with at-risk youth in Spain, Hungary, and Colombia.

“
Set Free’s support has helped us transform lives and generate change in our community. Mothers now desire to be trained and grow, families are deciding to follow Jesus, and homes are being restored.

— Mayra, Set Free Leader, Colombia

03 Increase mobilization of faith communities, stakeholders, and all sectors of society.

The best defense against injustices are strong, healthy churches. Effective solutions require that all members in society use their gifts to bring healing to broken communities. Set Free seeks to mobilize everyone, especially people of faith and business leaders, to bring the change we need to see.

Our Need:

\$200,000 to strengthen ongoing programs

Expanding awareness and educating

youth, families, and churches of the vulnerabilities of human trafficking.

Doubling the numbers of churches

practically engaging to end human trafficking.

Increasing the number of businesses

engaging in our Percent for Freedom.

“Set Free’s prayer, support, and funding for our Online Safety Trainings in the Philippines play a vital role in equipping youth and parents to keep their children and youth away from online predators.”

— Ken, Set Free Leader, Philippines

04 Bolster critical operations globally

Since our earliest days, Set Free has sought to be more of a movement than an organization. For this reason, we have no central office and personnel are scattered around the globe. We are frugal and accountable to oversight for all we do. While we have potential to have increasing impact, we also need sustainable operations.

Our Need:

\$300,000 for vital ministry enhancements

Establishing sustainable funding

for our regional leadership in Latin America, Southeast Asia, Europe, and the USA.

Providing advanced education scholarships

to multiply leaders' impact.

Upgrading technology

for all leaders in all locations.

“
As a result, hundreds of missing and trafficked children are reunited with their parents. We believe that after repatriation, children should not be in the same vulnerable situation.

— Nayan, Set Free Leader, India

How you can help us

We ask that you prayerfully consider helping us realize our goal of raising \$1,190,000 over the next 18 months over and above our ongoing budget needs.

Your gift, large or small, can bring freedom to the vulnerable!

150 new monthly gifts of	\$50
75 new monthly gifts of	\$100
50 gifts of	\$1,200
30 gifts of	\$4,000
15 gifts of	\$10,000
7 gifts of	\$50,000
1 gift of	\$75,000
1 gift of	\$100,000

We are a registered 501(c)(3) non-profit charitable organization under the Free Methodist Church USA.

“ I know of no other organization like Set Free. It is focused and puts its efforts in the right places to maximize impact and resources to deal with the abuse of humans.

— Matthew A Thomas, Bishop Emeritus

Planned Gifts

Giving from appreciated, non-cash assets such as securities or real estate provide you with a “double deduction”. The combined savings are greater than on a cash gift and the gift will not affect your cash flow.

Donor-Advised Fund

For those who want to make a meaningful gift, a donor-advised fund is an excellent tool.

Charitable Life Income Plan

These plans allow you to make a charitable gift now and receive lifetime annuity payments.

Qualified Charitable Distribution

If you are 70 and a half years or older and own an IRA, a direct gift from it is the most tax efficient way to give, whether or not you itemize on your tax return. It's a great way to utilize Required Minimum Distributions.
